To Whom It May Concern,

In my business relationship with Bressler Ventures I know that Brent will always look out for my best interest.

Brent was instrumental in helping me successfully start my first business. Since then he has had great follow through on any project I've had him work on. He has always made himself available to answer any question or deal with any situation as it came up.

He is highly motivated and aggressive to achieve the desired results for me and my business. He keeps me well informed on the progress being made.

In the nearly 20 years in my business dealings with Brent, he has been pleasant to work with and I would highly recommend him to help you with your business needs. Feel free to call if you have questions.

Sincerely,
